**LEVEL:** Intermediate

**TEACHER(S):** Claire/Josh

**3.7.2017**

**COURSE END DATE:**

### **COURSE CONTENT**

The course aims to allow students to progress in all aspects of the English language. General English classes include study of the language systems (grammar, vocabulary and pronunciation) and the main language skills (speaking, listening, writing and reading). Special emphasis is given to developing confidence when using English.

### **TEACHER'S ASSESSMENT**

Caterina has worked well in class, and I feel that she has made some progress in her time here. For this level, Caterina has a good understanding of the language structures we have studied, and has a nice level of vocabulary. Her written work was good, and showed a real desire to express herself in the language. She was quite shy in class, but spoke well with other students in groups.
